SPECIAL NOTE REGARDING FORWARD-LOOKING INFORMATION

This Prospectus and the documents incorporated by reference in this Prospectus contain forward-looking information within the meaning of applicable Canadian securities laws and forward-looking statements within the meaning of the U.S. Private Securities Litigation Reform Act of 1995 (which we refer to as “forward-looking information”). Forward-looking information reflects our current expectations regarding future growth, results of operations, performance, business prospects and opportunities. Wherever possible, words such as anticipates, believes, budgets, could, estimates, expects, forecasts, intends, may, might, plans, projects, schedule, should, target, will, would, and the negative of these terms, and other similar terminology or expressions have been used to identify the forward-looking information, which includes, without limitation: targeted annual dividend growth through 2027; forecast capital expenditures for 2022 and 2023-2027, including cleaner energy investments; the expectation that volatility in energy prices, global supply chain constraints and rising inflation will not have a material impact on operations or financial results in 2022 or the 2023-2027 capital plan; forecast rate base and rate base growth for 2022 through 2027; the expectation that long-term growth in rate base will support earnings and dividend growth and reduce the dividend payout ratio over time to be in line with historical levels; the nature, timing, benefits and expected costs of certain capital projects, including the transmission projects of ITC (as defined below) associated with the Midcontinent Independent System Operator, Inc. (“MISO”) Long-Range Transmission Plan, the Vail-to-Tortolita Transmission Project of UNS (as defined below), UNS renewable energy and storage projects, FortisBC Energy (as defined below) Tilbury LNG Storage Expansion, FortisBC Energy Gas AMI Project, FortisBC Energy Eagle Mountain Woodfibre Gas Line Project, FortisBC Energy Tilbury 1B, FortisBC Energy Okanagan Capacity Upgrade, and the Wataynikaneyap Transmission Power Project, and additional opportunities beyond the capital plan, including investments related to the Inflation Reduction Act, the MISO Long-Range Transmission Plan, climate adaptation and grid resiliency, and renewable fuel solutions and liquefied natural gas infrastructure in British Columbia; the anticipated impacts of the Inflation Reduction Act, including impacts on the transition to a cleaner energy future and on the MISO Long-Range Transmission Plan and TEP’s Integrated Resource Plan; the 2035 greenhouse gas emissions reduction target and projected asset mix; the 2050 net-zero direct greenhouse gas emissions target; planned coal retirements and the expectation to exit coal by 2032; the expectation that the introduction of a corporate alternative minimum income tax will not have a material impact on financial results, operating cash flow or credit ratings; the expected timing, outcome and impact of regulatory proceedings and decisions; the expected funding sources for operating expenses, interest costs and capital expenditures; the expectation that maintaining the targeted capital structure of the regulated operating subsidiaries will not have an impact on our ability to pay dividends in the foreseeable future; the expected consolidated fixed-term debt maturities and repayments over the next five years; the expectation that we and our subsidiaries will continue to have access to long-term capital and will remain compliant with debt covenants in 2022; and the expected uses of proceeds from debt financings.

Forward-looking information involves significant risks and assumptions. Certain material factors or assumptions have been applied in drawing the conclusions contained in the forward-looking information, including, without limitation: no material impact from volatility in energy prices, global supply chain constraints and rising inflation; reasonable regulatory decisions and the expectation of regulatory stability; the successful execution of the five-year capital plan; no material capital project or financing cost overrun; no material changes in the assumed U.S. dollar to Canadian dollar exchange rate; sufficient human resources to deliver service and execute the capital plan; the realization of additional opportunities beyond the capital plan; our board of directors (the “**Board of Directors**”) exercising its discretion to declare dividends, taking into account our financial performance and condition; no significant variability in interest rates; no significant operational disruptions or environmental liability or upset; the continued ability

to maintain the performance of the electricity and gas systems; no severe and prolonged economic downturn; sufficient liquidity and capital resources; the ability to hedge exposures to fluctuations in foreign exchange rates, natural gas prices and electricity prices; the continued availability of natural gas, fuel, coal and electricity supply; continuation of power supply and capacity purchase contracts; no significant changes in government energy plans, environmental laws and regulations that could have a material negative impact; maintenance of adequate insurance coverage; the ability to obtain and maintain licences and permits; retention of existing service areas; no significant changes in tax laws and the continued tax deferred treatment of earnings from our foreign operations; continued maintenance of information technology infrastructure and no material breach of cybersecurity; continued favourable relations with Indigenous Peoples; and favourable labour relations.

We caution readers that a number of factors could cause actual results, performance or achievements to differ materially from those discussed or implied in the forward-looking information. These factors should be considered carefully and undue reliance should not be placed on the forward-looking information. Key risk factors include, but are not limited to: uncertainty regarding the outcome of regulatory proceedings at our utilities; risks associated with climate change, physical risks and service disruption, including cybersecurity risk; risks related to environmental laws and regulations; the impact of weather variability and seasonality on heating and cooling loads, gas distribution volumes and hydroelectric generation; risks associated with the competitiveness of natural gas; the impact of pandemics and public health crises, including the COVID-19 pandemic; risks associated with capital projects and the impact on our continued growth; risks associated with commodity price volatility and supply of purchased power; and interest rate and foreign exchange risks. This list is not exhaustive of the factors that may affect any of our forward-looking information. For additional information with respect to our risk factors, reference should be made to the section of this Prospectus entitled “Risk Factors”, to the documents incorporated by reference herein and to our continuous disclosure materials filed from time to time with Canadian and U.S. securities regulatory authorities.

RECENT DEVELOPMENTS

FERC Complaint Relating to ITC Midwest

On November 2, 2022, the Federal Energy Regulatory Commission (“FERC”) denied the complaint filed by the Iowa Coalition for Affordable Transmission (“ICAT”), including Alliant Energy Corporation, which sought to lower ITC Midwest’s equity ratio from 60% to 53%. FERC concluded that ICAT had not demonstrated that ITC Midwest failed the three-prong test for permitting the use of its actual capital structure for rate-making purposes.

DIVIDEND POLICY

Dividends on the Common Shares are declared at the discretion of our Board of Directors. On November 18, 2021, our Board of Directors declared a first quarter dividend of \$0.535 per Common Share, which was paid on March 1, 2022 to holders of record on February 15, 2022. On February 10, 2022, our Board of Directors declared a second quarter dividend of \$0.535 per Common Share, which was paid on June 1, 2022 to holders of record on May 17, 2022. On July 27, 2022, our Board of Directors declared a third quarter dividend of \$0.535 per Common Share, which was paid on September 1, 2022 to holders of record on August 19, 2022. We have increased our annual Common Share dividend payment for 49 consecutive years.

In October 2022, we provided updated dividend growth guidance targeting annual dividend growth of 4-6% through 2027. We expect long-term growth in rate base will drive earnings that support dividend growth and reduce our dividend payout ratio over time to be in line with historical levels. The dividend growth guidance will also provide flexibility to fund more capital projects with internally generated funds and is premised on the assumptions of management described in this Prospectus under the heading “Special Note Regarding Forward-Looking Information” and in our Interim MD&A under the heading “Forward-Looking Information”.

Regular quarterly dividends at the prescribed annual rate have been paid on all of the First Preference Shares, Series F; First Preference Shares, Series G; First Preference Shares, Series H; First Preference Shares, Series I; First Preference Shares, Series J; First Preference Shares, Series K; and First Preference Shares, Series M (collectively, the “**Outstanding First Preference Shares**”). Our Board of Directors declared a first quarter dividend on the Outstanding First Preference Shares on November 18, 2021, in each case in accordance with the applicable prescribed annual rate or floating rate, as the case may be, which was paid on March 1, 2022 to holders of record on February 15, 2022. DESCRIPTION OF SECURITIES OFFERED

Common Shares

Common Shares may be offered separately or together with First Preference Shares, Second Preference Shares, Subscription Receipts or Debt Securities under this Prospectus. Common Shares may also be issuable on conversion or exchange of certain Debt Securities and Subscription Receipts qualified for issuance under this Prospectus.

Each Common Share offered hereunder will have the terms described below.

Dividends

Dividends on Common Shares are declared at the discretion of our Board of Directors. Holders of Common Shares are entitled to dividends on a *pro rata* basis if, as and when declared by our Board of Directors. Subject to the rights of the holders of First Preference Shares and Second Preference Shares and any of our other classes of shares entitled to receive dividends in priority to or rateably with the holders of the Common Shares, our Board of Directors may declare dividends on the Common Shares to the exclusion of any of our other classes of shares.

Liquidation, Dissolution or Winding-Up

On our liquidation, dissolution or winding-up, holders of Common Shares are entitled to participate rateably in any distribution of our assets, subject to the rights of holders of the First Preference Shares and Second Preference Shares and any of our other classes of shares entitled to receive our assets on such a distribution in priority to or rateably with the holders of the Common Shares.

Voting Rights

Holders of the Common Shares are entitled to receive notice of and to attend all annual and special meetings of our shareholders, other than separate meetings of holders of any other class or series of shares, and to one vote in respect of each Common Share held at such meetings.

First Preference Shares

The following is a summary of the material rights, privileges, conditions and restrictions attached to the First Preference Shares as a class. The specific terms of the First Preference Shares, including the currency in which First Preference Shares may be

purchased and redeemed and the currency in which any dividend is payable, if other than Canadian dollars, and the extent to which the general terms described in this section apply to those First Preference Shares, will be set forth in the applicable Prospectus Supplement. One or more series of First Preference Shares may be sold separately or together with Common Shares, Second Preference Shares, Subscription Receipts or Debt Securities under this Prospectus.

Issuance in Series

Our Board of Directors may from time to time issue First Preference Shares in one or more series. Prior to issuing shares in a series, our Board of Directors is required to fix the number of shares in the series and determine the designation, rights, privileges, restrictions and conditions attaching to that series of First Preference Shares.

Priority

The shares of each series of First Preference Shares rank on a parity with the First Preference Shares of every other series and in priority to all of our other shares, including the Second Preference Shares, as to the payment of dividends, return of capital and the distribution of our assets in the event of a liquidation, dissolution or winding-up, whether voluntary or involuntary, or any other distribution of our assets among our shareholders for the purpose of winding-up our affairs. Each series of First Preference Shares participates rateably with every other series of First Preference Shares in respect of accumulated cumulative dividends and returns of capital if any amount of cumulative dividends, whether or not declared, or amount payable on the return of capital in respect of a series of First Preference Shares, is not paid in full.

Voting

The holders of the First Preference Shares are not entitled to any voting rights as a class except to the extent that voting rights may from time to time be attached to any series of First Preference Shares, and except as provided by law or as described below under “– Modification”. At any meeting of the holders of First Preference Shares, each holder shall have one vote in respect of each First Preference Share held.

Redemption

Subject to the provisions of the *Corporations Act* (Newfoundland and Labrador) and any provisions relating to any particular series, we, upon giving proper notice, may redeem out of capital or otherwise at any time, or from time to time, the whole or any part of the then outstanding First Preference Shares of any one or more series on payment for each such First Preference Share of such price or prices as may be applicable to such series. Subject to the foregoing, if only a part of the then outstanding First Preference Shares of any particular series is at any time redeemed, the shares to be redeemed will be selected by lot in such manner as our Board of Directors or the transfer agent for the First Preference Shares, if any, decide, or if our Board of Directors so determine, may be redeemed *pro rata* disregarding fractions.

Modification

The class provisions attached to the First Preference Shares may only be amended with the prior approval of the holders of the First Preference Shares, in addition to any other approvals required by the *Corporations Act* (Newfoundland and Labrador) or any other statutory provisions of like or similar effect in force from time to time. The approval of the holders of the First Preference Shares with respect to any and all matters may be given by at least two-thirds of the votes cast at a meeting of the holders of the First Preference Shares duly called for that purpose.

Second Preference Shares

The rights, privileges, conditions and restrictions attaching to the Second Preference Shares are substantially identical to those attaching to the First Preference Shares, except that the Second Preference Shares are junior to the First Preference Shares with respect to the payment of dividends, repayment of capital and the distribution of our assets in the event of a liquidation, dissolution or winding up.

The specific terms of the Second Preference Shares, including the currency in which Second Preference Shares may be purchased and redeemed and the currency in which any dividend is payable, if other than Canadian dollars, and the extent to which the general terms described in this Prospectus apply to those Second Preference Shares, will be set forth in the applicable Prospectus Supplement. One or more series of Second Preference Shares may be sold separately or together with Common Shares, First Preference Shares, Subscription Receipts or Debt Securities under this Prospectus.

Subscription Receipts

Subscription Receipts may be offered separately or together with Common Shares, First Preference Shares, Second Preference Shares or Debt Securities, as the case may be. Subscription Receipts will be issued under a subscription receipt agreement (the “**Subscription Receipt Agreement**”) that will be entered into between us and the escrow agent (the “**Escrow Agent**”) at the time of issuance of the Subscription Receipts. Each Escrow Agent will be a financial institution authorized to carry on business as a trustee. If underwriters or agents are used in the sale of any Subscription Receipts, one or more of such underwriters or agents may also be a party to the Subscription Receipt Agreement governing the Subscription Receipts sold to or through such underwriter or agent.

The Subscription Receipt Agreement will provide each initial purchaser of Subscription Receipts with a non-assignable contractual right of rescission following the issuance of any Common Shares, First Preference Shares, Second Preference Shares or Debt Securities, as applicable, to such purchaser upon the exchange of the Subscription Receipts if this Prospectus, the Prospectus Supplement under which the Subscription Receipts are offered, or any amendment hereto or thereto contains a misrepresentation, as such term is defined in the *Securities Act* (Ontario). This contractual right of rescission will entitle such initial purchaser to receive the amount paid for the Subscription Receipts upon surrender of the Securities issued in exchange therefor, provided that such remedy for rescission is exercised in the time stipulated in the Subscription Receipt Agreement. This right of rescission will not extend to any holders of Subscription Receipts who acquire such Subscription Receipts from an initial purchaser on the open market or otherwise.

The applicable Prospectus Supplement will include details of the Subscription Receipt Agreement covering the Subscription Receipts being offered. The specific terms of the Subscription Receipts, and the extent to which the general terms described in this section apply to those Subscription Receipts, will be set forth in the applicable Prospectus Supplement. A copy of the Subscription Receipt Agreement will be filed by us with securities regulatory authorities after it has been entered into by us and will be available on our SEDAR profile at www.sedar.com.

This section describes the general terms that will apply to any Subscription Receipts being offered. The terms and provisions of any Subscription Receipts offered under a Prospectus Supplement may differ from the terms described below, and may not be subject to or contain any or all of such terms. The particular terms of each issue of Subscription Receipts that will be described in the related Prospectus Supplement will include, where applicable:

- (a) the number of Subscription Receipts;
- (b) the price at which the Subscription Receipts will be offered;
- (c) conditions for the exchange of Subscription Receipts into Common Shares, First Preference Shares, Second Preference Shares or Debt Securities, as the case may be (the “**Release Conditions**”), and the consequences of such conditions not being satisfied;
- (d) the procedures for the exchange of the Subscription Receipts into Common Shares, First Preference Shares, Second Preference Shares or Debt Securities;
- (e) the number of Common Shares, First Preference Shares, Second Preference Shares or Debt Securities to be exchanged for each Subscription Receipt;
- (f) the aggregate principal amount, currency or currencies, denominations and terms of the series of Common Shares, First Preference Shares, Second Preference Shares or Debt Securities that may be exchanged upon exercise of each Subscription Receipt;
- (g) the designation and terms of any other Securities with which the Subscription Receipts will be offered, if any, and the number of Subscription Receipts that will be offered with each Security;
- (h) the dates or periods during which the Subscription Receipts may be exchanged into Common Shares, First Preference Shares, Second Preference Shares or Debt Securities;
- (i) the identity of the Escrow Agent;

- (j) the terms and conditions under which the Escrow Agent will hold all or a portion of the gross proceeds from the sale of such Subscription Receipts, together with interest and income earned thereon (collectively, the “**Escrowed Funds**”) pending satisfaction of the Release Conditions;
- (k) the terms and conditions under which the Escrow Agent will release all or a portion of the Escrowed Funds to us upon satisfaction of the Release Conditions and if the Subscription Receipts are sold to or through underwriters or agents, the terms and conditions under which the Escrow Agent will release a portion of the Escrowed Funds to such underwriters or agents in payment of all or a portion of their fees or commissions in connection with the sale of the Subscription Receipts;
- (l) procedures for the payment by the Escrow Agent to holders of such Subscription Receipts of an amount equal to all or a portion of the subscription price of their Subscription Receipts, plus any additional amounts provided for in the Subscription Receipt Agreement, if the Release Conditions are not satisfied;
- (m) any contractual right of rescission to be granted to initial purchasers of such Subscription Receipts in the event that this Prospectus, the Prospectus Supplement under which Subscription Receipts are issued or any amendment hereto or thereto contains a misrepresentation;
- (n) material U.S. and Canadian federal income tax consequences of owning the Subscription Receipts; and
- (o) any other material terms and conditions of the Subscription Receipts.

Prior to the exchange of their Subscription Receipts, holders of Subscription Receipts will not have any of the rights of holders of the securities to be received on the exchange of the Subscription Receipts.

Escrow

The Subscription Receipt Agreement will provide that the Escrowed Funds will be held in escrow by the Escrow Agent, and such Escrowed Funds will be released to us (and, if the Subscription Receipts are sold to or through underwriters or agents, a portion of the Escrowed Funds may be released to such underwriters or agents in payment of all or a portion of their fees in connection with the sale of the Subscription Receipts) at the time and under the terms specified by the Subscription Receipt Agreement. If the Release Conditions are not satisfied, holders of Subscription Receipts will receive payment of an amount equal to all or a portion of the subscription price for their Subscription Receipts, plus any additional amounts provided for in the Subscription Receipt Agreement, in accordance with the terms of the Subscription Receipt Agreement.

Modifications

The Subscription Receipt Agreement will specify the terms upon which modifications and alterations to the Subscription Receipts issued thereunder may be made by way of a resolution of holders of Subscription Receipts at a meeting of such holders or by way of consent in writing from such holders. The number of holders of Subscription Receipts required to pass such a resolution or execute such a written consent will be specified in the Subscription Receipt Agreement. The Subscription Receipt Agreement will also specify that we may amend the Subscription Receipt Agreement and the Subscription Receipts, without the consent of the holders of the Subscription Receipts, to cure any ambiguity, to cure, correct or supplement any defective or inconsistent provision, or in any other manner that will not materially and adversely affect the interests of the holder of outstanding Subscription Receipts or as otherwise specified in the Subscription Receipt Agreement.

Debt Securities

Debt Securities, which will be our direct senior or subordinated obligations, may be offered separately or together with Common Shares, First Preference Shares, Second Preference Shares or Subscription Receipts under this Prospectus, or on conversion or exchange of any such Securities. The particular terms and provisions of a series of Debt Securities offered pursuant to an accompanying Prospectus Supplement, and the extent to which the general terms and provisions described below may apply to such Debt Securities, will be described in the applicable Prospectus Supplement.

Debt Securities may be issued under a trust indenture dated as of October 4, 2016 between us, The Bank of New York Mellon, as the U.S. trustee, and BNY Trust Company of Canada, as the Canadian co-trustee (the “**U.S. Indenture**”), or under a trust

indenture dated as of December 12, 2016 between us and Computershare Trust Company of Canada (the “**Canadian Indenture**”), a copy of each of which has been filed on our SEDAR profile at www.sedar.com, as supplemented from time to time. Debt Securities issued under the Canadian Indenture will not be offered or sold to persons in the U.S. pursuant to this Prospectus. Debt Securities may also be issued under new indentures between us and a trustee or trustees as will be described in a Prospectus Supplement for such Debt Securities (collectively, with the U.S. Indenture and the Canadian Indenture, the “**Indentures**”). A copy of any Indenture or supplement thereto entered into by us will be filed with securities regulatory authorities and will be available on our SEDAR profile at www.sedar.com.

This Prospectus does not qualify a distribution of Debt Securities in respect of which the payment of principal and/or interest may be determined, in whole or in part, by reference to one or more underlying interests including, for example, an equity or debt security, a statistical measure of economic or financial performance including, but not limited to, any currency, consumer price or mortgage index, or the price or value of one or more commodities, indices or other items, or any other item or formula, or any combination or basket of the foregoing items. For greater certainty, this Prospectus may qualify a distribution of Debt Securities in respect of which the payment of principal and/or interest may be determined, in whole or in part, by reference to published rates of a central banking authority or one or more financial institutions, such as a prime rate or bankers’ acceptance rate, or to recognized market benchmark interest rates.

We conduct our business primarily through our subsidiaries. Accordingly, our ability to meet our obligations under the Debt Securities is dependent primarily on the earnings and cash flows of those subsidiaries and the ability of those subsidiaries to pay dividends or to advance or repay funds to us. Our subsidiaries are separate legal entities and have no independent obligation to pay dividends to us. Prior to paying dividends to us, the subsidiaries have financial obligations that must be satisfied, including among others, their operating expenses and obligations to creditors. Furthermore, our regulated utilities are required by regulation to maintain a minimum equity-to-total capital ratio that may restrict their ability to pay dividends to us or may require that we contribute capital. The future enactment of laws or regulations may prohibit or further restrict the ability of our subsidiaries to pay upstream dividends or to repay intercorporate indebtedness. In addition, the rights that we and our creditors would have to participate in the assets of any such subsidiary upon the subsidiary’s liquidation or recapitalization will be subject to the prior claims of the subsidiary’s creditors. Certain of our subsidiaries have incurred substantial amounts of debt in the operations and expansion of their businesses, and we anticipate that certain of our subsidiaries will continue to do so in the future.

Holders of Debt Securities will generally have a junior position to claims of creditors of our subsidiaries, including trade creditors, debt holders, secured creditors, taxing authorities, guarantee holders and any holders of preference or preferred shares. In addition to trade debt, certain of our operating subsidiaries have ongoing corporate debt programs used to finance their business activities. The Debt Securities will be effectively subordinated to any of our existing and future secured obligations to the extent of the value of the collateral securing such obligations. The Debt Securities will be structurally subordinated to all liabilities and any preference or preferred shares of our subsidiaries.

As of November 17, 2022, on a consolidated basis (including securities due within one year), we and our operating subsidiaries had approximately \$28.3 billion of outstanding debt, of which approximately \$23.8 billion was subsidiary debt. Unless otherwise specified in a Prospectus Supplement, the Indentures do not limit, and future Indentures will not limit, the amount of indebtedness or preference or preferred shares issuable by our subsidiaries.

The following description of the Debt Securities is only a summary and is not intended to be comprehensive. For additional information you should refer to the Indenture under which such Debt Securities are issued.

General

The Indentures will not limit the amount of Debt Securities that we may issue thereunder. We may issue Debt Securities from time to time under an Indenture in one or more series by entering into supplemental indentures or by our Board of Directors or a duly authorized committee authorizing the issuance. The Debt Securities of a series need not be issued at the same time, bear interest at the same rate or mature on the same date.

The Prospectus Supplement for a particular series of Debt Securities will disclose the specific terms of such Debt Securities, including the price or prices at which the Debt Securities to be offered will be issued. Those terms may include some or all of the following:

- (a) the title of the series;

- (b) the total principal amount of the Debt Securities of the series;
- (c) the date or dates on which principal is payable or the method for determining the date or dates, and any right that we have to change the date on which principal is payable;
- (d) the interest rate or rates, if any, or the method for determining the rate or rates, and the date or dates from which interest will accrue;
- (e) any interest payment dates and the regular record date for the interest payable on each interest payment date, if any;
- (f) whether we may extend the interest payment periods and, if so, the terms of the extension;
- (g) the place or places where payments will be made;
- (h) whether we have the option to redeem the Debt Securities and, if so, the terms of such redemption option;
- (i) any obligation that we have to redeem the Debt Securities through a sinking fund or to purchase the Debt Securities through a purchase fund or at the option of the holder;
- (j) any conversion or exchange right granted to holders, the terms and conditions thereof and the number and designation of the securities to be received by holders on any such conversion or exchange;
- (k) the currency in which the Debt Securities may be purchased and in which the principal and any interest is payable;
- (l) if payments may be made, at our election or at the holder's election, in a currency other than that in which the Debt Securities are stated to be payable, then the currency in which those payments may be made, the terms and conditions of the election and the manner of determining those amounts;
- (m) the portion of the principal payable upon acceleration of maturity, if other than the entire principal;
- (n) whether the Debt Securities will be issuable as global securities and, if so, the securities depository;
- (o) the events of default or covenants with respect to the Debt Securities;
- (p) any index or formula used for determining principal, premium or interest;
- (q) the terms of the subordination of any series of subordinated debt;
- (r) if the principal payable on the maturity date will not be determinable on one or more dates prior to the maturity date, the amount which will be deemed to be such principal amount or the manner of determining it;
- (s) the person to whom any interest shall be payable if other than the person in whose name the Debt Security is registered on the regular record date for such interest payment; and
- (t) any other terms.

The Debt Securities offered pursuant to this Prospectus and any Prospectus Supplement may be represented by instalment receipts, the particular terms and provisions of which will be described in the applicable Prospectus Supplement and set out in an instalment receipt and pledge agreement. Any such instalment receipt will evidence, among other things, (a) the fact that a first instalment payment has been made in respect of the Debt Securities represented thereby and (b) the beneficial ownership of the Debt Securities represented by the instalment receipt, subject to a pledge of such Debt Securities securing the obligation to pay the balance outstanding under such Debt Securities on or prior to a certain date. A copy of any such instalment receipt and pledge agreement will be filed by us with securities regulatory authorities after it has been entered into and will be available on our SEDAR profile at www.sedar.com.

CHANGES IN SHARE AND LOAN CAPITAL STRUCTURE

The following describes the changes in our share and loan capital structure since September 30, 2022:

- (a) there were no changes in our issued and outstanding Common Shares during the period from October 1, 2022 up to and including November 17, 2022; and
- (b) during the period from October 1, 2022 up to and including November 17, 2022, our consolidated long-term debt, capital lease and finance obligations, including current portions and committed credit facility borrowings classified as long-term debt decreased by approximately \$500 million, principally due to changes in the U.S. dollar to Canadian dollar exchange rate during the period.

PRIOR SALES AND TRADING PRICES AND VOLUME

Prior sales will be provided, as required, in a Prospectus Supplement with respect to the issuance of Securities pursuant to such Prospectus Supplement.

Trading prices and volume of the Common Shares and the First Preference Shares will be provided, as required, in each Prospectus Supplement to this Prospectus.

USE OF PROCEEDS

We intend to use the net proceeds from the sale of Securities to repay indebtedness, to directly or indirectly finance future growth opportunities and/or for general corporate purposes. Specific information about the use of net proceeds of any offering of Securities under this Prospectus will be set forth in the applicable Prospectus Supplement. We may invest funds which we do not immediately use. Such investments may include short-term marketable investment grade securities denominated in Canadian dollars, U.S. dollars or other currencies. We may, from time to time, issue securities other than pursuant to this Prospectus.

PLAN OF DISTRIBUTION

We and any Selling Securityholder may sell the Securities, separately or together, to or through one or more underwriters or dealers, purchasing as principals for public offering and sale by them, and may also sell Securities to one or more other purchasers directly or through agents. Securities sold to the public pursuant to this Prospectus may be offered and sold exclusively in Canada or the U.S., or in both jurisdictions. The Prospectus Supplement relating to an offering of Securities will indicate the jurisdiction or jurisdictions in which such offering is being made to the public. Each Prospectus Supplement will set out the terms of the offering, including the name or names of any underwriters, dealers or agents, the purchase price or prices of the Securities (or the manner of determination thereof if offered on a non-fixed price basis, including sales in transactions that are deemed to be “at-the-market distributions” as defined in NI 44-102), and the proceeds to us or the applicable Selling Securityholder from the sale of the Securities. Only underwriters, dealers or agents so named in the Prospectus Supplement are deemed to be underwriters, dealers or agents, as the case may be, in connection with the Securities offered thereby.

The Securities may be sold, from time to time in one or more transactions at a fixed price or prices which may be changed or at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices. The prices at which the Securities may be offered may vary between purchasers and during the period of distribution. If, in connection with the offering of Securities at a fixed price or prices, the underwriters have made a *bona fide* effort to sell all of the Securities at the initial offering price fixed in the applicable Prospectus Supplement, the public offering price may be decreased and thereafter further changed, from time to time, to an amount not greater than the initial public offering price fixed in such Prospectus Supplement, in which case the compensation realized by the underwriters, dealers or agents will be decreased by the amount that the aggregate price paid by purchasers for the Securities is less than the gross proceeds paid by the underwriters, dealers or agents to us or the applicable Selling Securityholder.

If underwriters or dealers purchase Securities as principals, the Securities will be acquired by the underwriters or dealers for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The obligations of the underwriters or dealers to purchase those Securities will be subject to certain conditions precedent, and the underwriters or dealers will be obligated to purchase all the

Securities offered by the Prospectus Supplement if any of such Securities are purchased. Any public offering price and any discounts or concessions allowed or re-allowed or paid may be changed from time to time.

The Securities may also be sold directly by us or any Selling Securityholder in accordance with applicable securities laws at prices and upon terms agreed to by the purchaser and us or the Selling Securityholder, as applicable, or through agents designated by us or the Selling Securityholder, as applicable, from time to time. Any agent involved in the offering and sale of Securities pursuant to a particular Prospectus Supplement will be named, and any commissions payable by us or the Selling Securityholder, as applicable, to that agent will be set forth, in such Prospectus Supplement. Unless otherwise indicated in the Prospectus Supplement, any agent would be acting on a best efforts basis for the period of its appointment.

In connection with the sale of the Securities, underwriters, dealers or agents may receive compensation from us or the Selling Securityholder, as applicable, in the form of commissions, concessions and discounts. Any such commissions may be paid out of our or the Selling Securityholder's general funds, as applicable, or the proceeds of the sale of Securities. Underwriters, dealers and agents who participate in the distribution of the Securities may be entitled under agreement to be entered into with the us or the Selling Securityholder, as applicable, to indemnification by us or the Selling Securityholder, as applicable, against certain liabilities, including liabilities under Canadian securities legislation, or to contribution with respect to payments which such underwriters, dealers or agents may be required to make in respect thereof. Such underwriters, dealers and agents may engage in transactions with, or perform services for, us in the ordinary course of business.

In connection with any offering of Securities, other than an "at-the-market distribution", the applicable Prospectus Supplement will set forth any intention by the underwriters, dealers or agents to offer, allot or effect transactions which stabilize or maintain the market price of the Securities offered at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be interrupted or discontinued at any time. A purchaser who acquires Securities forming part of the underwriters', dealers' or agents' over-allocation position acquires those Securities under this Prospectus, regardless of whether the over-allocation position is ultimately filled through the exercise of the over-allotment option or secondary market purchases.

No underwriter or dealer involved in an "at-the-market distribution", no affiliate of such an underwriter or dealer and no person or company acting jointly or in concert with such an underwriter or dealer may over-allot Securities in connection with the distribution or may effect any other transactions that are intended to stabilize or maintain the market price of the Securities in connection with an "at-the-market distribution".

SELLING SECURITYHOLDERS

This Prospectus may also, from time to time, relate to the offering of Securities by way of a secondary offering by certain Selling Securityholders. The terms under which the Securities may be offered by Selling Securityholders will be described in the applicable Prospectus Supplement. The Prospectus Supplement for or including any offering of Securities by Selling Securityholders will include, without limitation, where applicable:

- (a) the names of the Selling Securityholders;
- (b) the number and type of Securities owned, controlled or directed by each of the Selling Securityholders;
- (c) the number of Securities being distributed for the account of each Selling Securityholder;
- (d) the number of Securities to be owned, controlled or directed by the Selling Securityholders after the distribution and the percentage that number or amount represents out of the total number of outstanding Securities of the relevant class;
- (e) whether the Securities are owned by the Selling Securityholders, both of record and beneficially, of record only or beneficially only;
- (f) if the Selling Securityholder purchased any of the Securities held by it in the 24 months preceding the date of the Prospectus Supplement, the date or dates on which the Selling Securityholders acquired the Securities; and

- (g) if the Selling Securityholder acquired the Securities held by it in the 12 months preceding the date of the Prospectus Supplement, the cost thereof to the Selling Securityholder in the aggregate and on a per security basis.

CERTAIN INCOME TAX CONSIDERATIONS

The applicable Prospectus Supplement will describe certain material Canadian federal income tax consequences to an investor of the acquisition, ownership and disposition of any Securities offered thereunder. The applicable Prospectus Supplement may also describe certain U.S. federal income tax considerations generally applicable to the acquisition, ownership and disposition of any Securities offered thereunder by an initial investor who is a U.S. person (within the meaning of the U.S. Internal Revenue Code).

RISK FACTORS

An investment in the Securities involves certain risks. A prospective purchaser of Securities should carefully consider the risk factors described under:

- (a) the heading “Business Risks” found on pages 25 to 31 of the Annual MD&A; and
- (b) the heading “Business Risks” found on page 18 of the Interim MD&A,

each of which is incorporated by reference herein. In addition, prospective purchasers of Securities should carefully consider, in light of their own financial circumstances, the risk factors set out below, as well as the other information contained in this Prospectus (including the documents incorporated by reference herein) and in all subsequently filed documents incorporated by reference and those described in a Prospectus Supplement relating to a specific offering of Securities, before making an investment decision.

As a foreign private issuer, we are permitted to follow certain home country corporate governance practices instead of otherwise applicable SEC and NYSE requirements.

As a foreign private issuer, in reliance on NYSE rules that permit a foreign private issuer to follow the corporate governance practices of its home country, we will be permitted to follow certain Canadian corporate governance practices instead of those otherwise required under the corporate governance standards for U.S. domestic issuers. We follow Canadian home country practices with regard to obtaining shareholder approval for certain dilutive events. We may in the future elect to follow Canadian home country practices with regard to other matters such as the formation and composition of our Board of Directors, our audit, human resources and governance and sustainability committees and separate sessions of independent directors. Accordingly, our investors may not be afforded the same protection as provided under NYSE corporate governance rules. Following Canadian home country governance practices as opposed to the requirements that would otherwise apply to a U.S. company listed on the NYSE may provide less protection than is accorded to investors in U.S. domestic issuers.

As a foreign private issuer, we will not be subject to the provisions of Regulation FD or U.S. proxy rules and will be exempt from filing certain Exchange Act reports, which could result in the Securities being less attractive to investors.

As a foreign private issuer, we will be exempt from a number of requirements under U.S. securities laws that apply to public companies that are not foreign private issuers. In particular, we will be exempt from the rules and regulations under the Exchange Act related to the furnishing and content of proxy statements, and our officers, directors and principal shareholders will be exempt from the insider reporting and short-swing profit recovery provisions contained in Section 16 of the Exchange Act. In addition, we will not be required under the Exchange Act to file annual and current reports and financial statements with the SEC as frequently or as promptly as U.S. domestic issuers whose securities are registered under the Exchange Act and we will generally be exempt from filing quarterly reports with the SEC under the Exchange Act. We will also be exempt from the provisions of Regulation FD, which prohibits the selective disclosure of material non-public information to, among others, broker-dealers and holders of a company’s securities under circumstances in which it is reasonably foreseeable that the holder will trade in the company’s securities on the basis of the information. Even though we intend to comply voluntarily with Regulation FD, these exemptions and leniencies will reduce the frequency and scope of information and protections to which you are entitled as an investor.

We will lose our foreign private issuer status if a majority of our common shares are directly or indirectly held by residents of the United States as of the last business day of a completed second fiscal quarter. The loss of our foreign private issuer status would require us to comply with all U.S. securities law requirements applicable to U.S. domestic issuers. The regulatory and compliance

costs to us under U.S. securities laws as a U.S. domestic issuer will be significantly higher than the costs we incur as a Canadian foreign private issuer eligible to use MJDS.

If we cease to be a foreign private issuer, we would not be eligible to use MJDS or other foreign issuer forms and will be required to file periodic and current reports, proxy statements and registration statements on U.S. domestic issuer forms with the SEC, which are more detailed and extensive than the forms available to a foreign private issuer. We may also be required to modify certain of our policies to comply with the governance obligations of U.S. domestic issuers. Such modifications will involve additional costs. In addition, we would lose our ability to rely upon exemptions from certain corporate governance requirements that are available to foreign private issuers with securities listed on the NYSE.

PURCHASERS’ STATUTORY AND CONTRACTUAL RIGHTS

Securities legislation in certain of the provinces of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may only be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment, irrespective of the determination at a later date of the purchase price of the securities distributed. In several of the provinces, the securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, revisions of the price or damages if the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that the remedies for rescission, revisions of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser’s province. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser’s province for the particulars of these rights or consult with a legal advisor.

In an offering of convertible, exchangeable or exercisable Securities, original purchasers will have a contractual right of rescission following the conversion, exchange or exercise of such Securities in the event that this Prospectus, the applicable Prospectus Supplement or any amendment thereto contains a misrepresentation. The contractual right of rescission will entitle such original purchasers to receive, upon surrender of the securities issued upon conversion, exchange or exercise of such Securities, the amount paid for such Securities, including any amount paid by such original holder in connection with such conversion, exchange or exercise, provided that the right of rescission is exercised within 180 days from the date of the purchase of such Securities under the applicable Prospectus Supplement.

Original purchasers of convertible, exchangeable or exercisable Securities are further cautioned that in an offering of convertible, exchangeable or exercisable Securities, the statutory right of action for damages for a misrepresentation contained in a prospectus is, under the securities legislation of certain provinces and territories, limited to the price at which the convertible, exchangeable or exercisable Security was offered to the public under the prospectus offering. Accordingly, any further payment made at the time of conversion, exchange or exercise of the security may not be recoverable in a statutory action for damages in such

provinces or territories. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for the particulars of this right of action for damages or consult with a legal adviser.

ENFORCEABILITY OF CIVIL LIABILITIES

We are continued under the laws of the Province of Newfoundland and Labrador, Canada. Some of our directors, the majority of our officers, and some of the experts named in this Prospectus, are residents of Canada, and all or a substantial portion of their assets, and a substantial portion of our assets, are located outside the U.S. We have appointed an agent for service of process in the U.S., but it may be difficult for holders of Securities who reside in the U.S. to effect service within the U.S. upon those directors, officers and experts who are not residents of the U.S. It may also be difficult for holders of the Securities who reside in the U.S. to realize in the U.S. upon judgments of courts of the U.S. predicated upon our civil liability and the civil liability of our directors and officers and experts under U.S. federal securities laws.

We have filed with the SEC, concurrently with the Registration Statement, an appointment of agent for service of process on Form F-X. Under the Form F-X, we have appointed CT Corporation System, 28 Liberty Street, New York, NY 10005, as our agent for service of process in the U.S. in connection with any investigation or administrative proceeding conducted by the SEC, and any civil suit or action brought against us in a U.S. court arising out of or related to or concerning the offering of the Securities under the Registration Statement.

Additionally, it might be difficult for shareholders to enforce judgments of U.S. courts based solely upon civil liability provisions of the U.S. federal securities laws or the securities or "blue sky" laws of any state within the U.S. in a Canadian court against us or any of our non-U.S. resident directors, officers or the experts named in this Prospectus or to bring an original action in a Canadian court to enforce liabilities based on the U.S. federal or state securities laws against such persons.

Eight of our directors, Mr. Paul J. Bonavia, Mr. Lawrence T. Borgard, Ms. Maura J. Clark, Ms. Lisa Crutchfield, Ms. Margarita K. Dilley, Ms. Julie A. Dobson, Ms. Gianna M. Manes and Mr. David G. Hutchens, our President and Chief Executive Officer, reside outside of Canada and each has appointed Fortis Inc., Suite 1100, 5 Springdale Street, P.O. Box 8837, St. John's, Newfoundland and Labrador A1B 3T2 as agent for service of process. Investors are advised that it may not be possible to enforce judgments obtained in Canada against any person that resides outside of Canada, even if such person has appointed an agent for service of process.

WELL-KNOWN SEASONED ISSUER

On December 6, 2021, the securities regulatory authorities in each of the provinces and territories of Canada each independently adopted a series of substantively harmonized blanket orders, including Ontario Instrument 44-501 – *Exemption from Certain Prospectus Requirements for Well-known Seasoned Issuers (Interim Class Order)* (together with the equivalent local blanket orders in each of the other provinces and territories of Canada, collectively, the "**WKSI Blanket Orders**"). The WKSI Blanket Orders came into force on January 4, 2022 and allow "well-known seasoned issuers", or "WKSIs", to file a final short form base shelf prospectus as the first public step in an offering, and exempt qualifying issuers from certain disclosure requirements relating to such final short form base shelf prospectus. The Corporation has determined that, on the date hereof, it qualifies as a "well-known seasoned issuer" under the WKSI Blanket Orders.
